

The Spirit of Duncombe

#TeamDuncombe

Treetops Pre-School and Year 1 Forest School

with Team Duncombe's Mrs Lee

Hello everyone,

Let's get straight on with the task and get you started on an outdoor adventure ... a scavenger hunt!

You don't have to be in a forest to take part in the hunt, your garden or other outdoor space will work just as nicely.

Now, make sure you have a pad and paper handy and don't forget you will be collecting things on your hunt, so you will need something to put them in.

The most important thing on this hunt, is to follow the instructions and have a great time.

Enjoy and stay safe.

Mrs Lee, Team Duncombe

Instructions

Go outside into the garden and see if you can find all the things on the lists below. Some things can be collected, other things should just be looked at.

Things to look at:

1. A snail
2. Some woodlice (look in the cool shade under logs or bricks)
3. Signs of windy weather
4. Tracks left by an animal. Maybe in soft mud?
5. Holes made by an animal in a leaf

Try to collect:

1. A green leaf
2. An old brown leaf
3. A flower
4. An interesting stick
5. A feather

- Talk about the things you have seen and collected on your hunt.
- What else did you see or hear when you were outside?
- Choose an item from your collection and draw what you see.
- Don't forget to share your art with us and be part of our creative arts exhibition. For further details see The Spirit of Duncombe web page.
