

## Team Duncombe's Lego Week

### Treetops Activity - Wednesday 27th January 2021

Hello Treetops,

The weather is so cold at the moment we don't always want to go outside and play or do exercise, both of which are very important.

So Duncombe Bear has set you the challenge of creating your own crazy golf course inside?

Using any Lego or Duplo you have, see what kind of fun crazy golf course you can build. Have a go at including bridges, turns and tunnels to make it as interesting as possible.

Don't forget to share your work, we love to see how you're getting on.

Enjoy, Team Duncombe
