

## Team Duncombe's Lego Week

### Upper School Activity - Monday 25th January 2021

Hello Upper School,

Have some fun and create your own marble run. We've shared some ideas below to help you get started.

- Can you get your marble to travel around your maze without coming off the board?
- Can you build a marble run with 3 different turns from start to finish?
- Can you build a marble run, without it stopping in the middle?

Don't forget to share your work and results, so we can see how you're getting on.

Enjoy, Team Duncombe
